

CONGRATULATIONS 5th, 8th & 12th Graders on your Graduation!

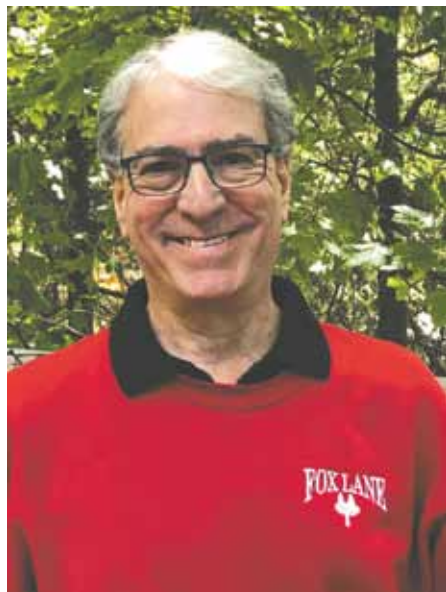

FLHSA Salutes The BCSD
Classes of 2020
We are so Proud of You!

Letter from Superintendent Dr. Joel Adelberg

To All BCSD Graduates,

As I think about how to address all of our BCSD graduates; our 5th and 8th graders Moving Up, and the FLHS Class of 2020 Graduating on June 23; I regret that I am unable to offer these words in person. What I want all of you, our students, to know is how proud I am of each of you and how each of you will continue to shine, whether you are heading to FLMS, FLHS, or to the world of college, career or the military. I am confident that BCSD has prepared you well for the next set of challenges awaiting you, in and out of the classroom, and in whatever community each of you will soon be calling your new home.

The Class of 2020 has now been granted the title of the COVID-19 Class of 2020! While none of us will ever forget how each of us experienced the second half of this year, I would prefer that you not be defined by the end, but rather celebrated for the entirety of the experiences you've had and accomplishments you've shown in the years that it took you to get you to this day as Bedford Central students. Certainly, these last few months have posed a challenge, but I believe you have each proven that you are now even better prepared to face the future because of the skills you've developed and the talents you've demonstrated during this time.

Dr. Joel Adelberg
Interim Superintendent of Schools

I recently asked our teachers and administrators to share some of what they've been hearing from you about your experiences these last few months. There were common threads and themes from so many of you. I heard that you had to learn to learn more independently. I heard that many

of you developed your own personal systems of time management. I even heard that for many, you came to discover how much you actually miss school! One of our graduating seniors from FLHS shared that, "It is funny because I couldn't wait to get out of here (FLHS/Bedford) and leave it all behind and now I wish I could go back."

Here's what I also heard. I heard that some of you found that you are actually more creative and capable than even you thought. Supported by your teachers and parents but left to your own devices, you invented, innovated, discovered and created in ways you never thought possible and you hit it out of the park. Our goal over the years was to teach you the importance of hands-on, real world learning, problem solving, and creative and critical thinking. Learning from home challenged each of you to demonstrate your ability to do all of these. While many are concerned about what you lost during these last few months, I applaud you for all that you gained. I actually believe that you are better equipped to meet the challenges to come because of the time you've just spent learning in a whole new way. BCSD is so proud of you.

Finally, you showed us one more thing. You demonstrated these last few months, that learning is not just from what you read in a book. You showed us that learning

is academic, physical, artistic, social, and communal. In each of our schools, our students, and especially you as our 5th grade, 8th grade and 12th grade leaders, led your school communities in public service, in community outreach, and in caring and concern for others. You all made the Bedford Central School District a better community through so many acts of giving.

I end with another quote from one of our graduating seniors. This message resonated for me and I hope it will for our 5th graders, 8th graders and this senior's 12th grade peers: "I hope that I can take this period of quarantine as a lesson, to learn that every single class, every single assignment, or even every single step should never be taken for granted. I need to start living like tomorrow isn't guaranteed. I appreciate anyone and everyone who touched my life at FLHS and I will look back on high school with fond memories of how special a time it was to be a Fox Lane Student."

Congratulations to the Class of 2020! Do not be defined by a given moment or an immediate challenge. Define yourselves by all of who you are, the power you possess, and the potential you represent for continued engagement, education, leadership and a world of success. The world is yours, seize the moment!

Message from Principal Ostrofsky

FLMS 8th Grade Students,

Congratulations! You have successfully completed your middle school years and are now moving on to a very exciting four years at Fox Lane High School (or wherever your high school journey may take you).

For most of you, you spent three years figuring out who you are and where you fit in. You forged new friendships and learned so many new things about the world around you. This transformation from child to young adult continues throughout high school. While you think you may be more sure of who you are, take the time in high school to continue your exploration and figure it all out.

Together, we mourned the loss of the Washington D.C. Capstone trip as well as the 8th grade milestones, such as the dance, picnic and Moving Up. Remote celebrations are just not the same as celebrating your successes and achievements in real time. Nevertheless, it doesn't diminish your accomplishments or your successful journey in any way.

My hope is that you will remember all the joys of being a Fox Lane Middle Schooler and consider all the challenges as opportunities for personal growth. Whether you spent three years or two months at FLMS, I hope that you have come to appreciate your ability to surround yourself with good people who are true friends and teachers and staff

Mrs. Susan Ostrofsky
Principal Fox Lane Middle School

who will do anything to help you succeed.

I hope that as you experience all the glorious things that life can bring, you will remember this part of your educational journey and take something good from it. It can be as small as a kind word a teacher or staff member said to you, a new friendship, the courage to try something new, or the moment you learned to love yourself as an adolescent. Whatever it may be, I hope that you can look back at FLMS with some positive feeling or experience.

On behalf of the Fox Lane Middle School Faculty and Staff, we wish you much success during your high school years. We know that you will continue to bring the very best forward every day and find peace and joy in school, family and friends.

Congratulations!
Mrs. Ostrofsky
Principal

**JOSEPH, WE ARE
SO PROUD OF YOU!**

**Good Luck at FLMS,
You Will Rock!**

We love you so much!
Mommy, Daddy, Gianna & Alexia

*Congratulations
Josh Harwitz on your
8th Grade Graduation!*

We are so proud of you and all that you have accomplished.

We are excited for what's to come at FLHS!
The world is yours!

Love, Mom, Dad, Zach & Rocki

**Congratulations
Sam!**

We love you and are proud of your accomplishments. Looking forward to watching your next chapter unfold at Fox Lane Middle School!

Love, Mom, Dad & Anna

*Congratulations
to Zack (12th)
and Jillian (8th)*

We are so proud of you both and we love you always!

Mom & Dad

Domenico,
We couldn't be more proud of you and the young man you have become.

Keep shining and know that your entire family loves and supports you always.

*We love you all
the pennies in the world!*
Mom and Dad

Good luck in high school. Always be the best you can be but most of all live a happy life.

We all love you
Congratulations Josie!
Love Mom, Dad & Ella

Fox Lane Middle School

8th Grade Graduates Good Luck in High School!

We are so happy to have had our time with our students at school from September to mid-March AND we are so proud of how you have transitioned to Distance Learning. You are ready for

Fox Lane Middle School and we wish you all the BEST!

Ms. Bobker, Mrs. Galloway, Mrs. Kurlanzik, Mrs. Price and the entire 5th Grade team

*If you can talk, you can sing;
If you can walk, you can dance.
African Proverb from
Home of the Brave*

Dear 5th Graders,

Congratulations on your graduation from **West Patent Elementary School!** This year will always be remembered in history as the time of the global pandemic. It was a time of uncertainty, and a time when you were asked to learn from home. It affected each of you in different ways, and yet, you were able to stay connected to your classmates, teachers, and to West Patent. You were the first to do things in a new way, and to figure out how to be a student in your own backyard. Most importantly, you persevered!

I am so incredibly proud of you. Your time at WPES has no doubt been filled with memories of special friendships, amazing teachers, assemblies, school projects, working with buddy classes, and taking field trips that inspired you! Although your 5th Grade was changed in ways we couldn't have imagined, you made it through with courage and determination.

While this chapter of your life comes to a close, the next one is an incredibly exciting journey! Middle school is a time like no other, and we know you are well-prepared for all that lies ahead of you. Continue to be the best version of yourself, be generous and inspiring, care for others, and most of all, be kind.

It's the West Patent Way!

Congratulations, 5th Graders!

Love, Mrs. Brewster, Principal, West Patent Elementary School

Congratulations
Class of 2020!
Pound Ridge
Elementary
School

To our PRES fifth graders,

The start of our school year was marked with the typical events of a year at PRES. You would meet your kindergarten buddies, and proudly take on your new role as leaders of the school. We celebrated PRES' 80th birthday with a huge party in the Gym. We heard stories of PRES' past and marveled at the changes that have evolved over the past 80 years. The winter would be a mild one, and as March rolled in, we began to hit our stride. However, this all came to a screeching halt, as the coronavirus turned our way of doing life and school upside-down. We took on distance learning in an effort to help flatten the curve and keep families safe and healthy. You quickly fell into a new routine with your classmates and teachers, emerging as digital experts, creative thinkers, and thoughtful readers and writers, navigating Google Classroom, Google Meets, Flipgrids, and Nearpod.

While we mourned the loss of our typical school routines, the sense of normalcy, and missed Spring events, we discovered our own strength and resilience. We learned to make the best of a tough situation. We learned to open up our hearts to others, to have patience, and to have gratitude for our frontline workers. We found creative ways to stay connected, problem solve, and to help one another learn and grow. Our lives will be forever transformed by this experience and our stories will go down in history books. As we celebrate this important milestone of your transition from elementary to middle school, please know that we are so proud of all you have accomplished, both inside and outside the walls of PRES.

**Best wishes, Mrs. Fishkin, Principal,
Pound Ridge Elementary School**

This year is definitely one we will remember for as long as we live. You have proven to be the most compassionate, kind, creative and resilient fifth graders on the planet! It has been an emotional spring for me imagining the unfortunate possibility of not having a graduation ceremony because of a global pandemic.

When I met you, you were third graders and I remember telling you how much I enjoyed being a third grade teacher and how quickly we related to each other. At the time, fidget spinners, LOL dolls and fingerlings were a big deal and you loved sharing them with me and your friends. As you aged up, our conversations began to center around screen time, online safety and video games. I can't tell you how much of an honor it has been for me to watch you grow and to be on this short journey with you. I am so proud of you.

We are all living in a time when hope and faith get us through adversity. I am so incredibly proud of the hard work you put into your learning in school and remotely. Your dedication to maintaining your academic excellence versus giving in to despair is impressive. I hope you keep this flame forever. Never give up and you will emerge stronger in the end!

Les deseo a todos un éxito continuo; Sé que continuarás logrando grandes cosas en FLMS y más allá. Asegúrate de estar conectado con tu familia. Tu familia es una parte esencial y de apoyo para tu éxito. Mantén abiertas las líneas de comunicación y apóyate en ellas para obtener orientación. Cuando estés lidiando con algo difícil, busca a tu familia para que te ayude a superar esos desafíos de manera significativa.

I will forever have the memories of your smiling faces and the special times we shared. Thank you for being beautiful and kind. Please come back and visit your MKES family- we are always thinking of you! I look forward to hearing about all the wonderful things you will be involved in and celebrating your continued successes and achievements.

You will leave a legacy when you graduate high school in 2027. I am so honored to have been a part of your life, even for just three years.

Felicidades!

Principal Miller’s Message to the Class of 2020

Congratulations to the Fox Lane High Class of 2020! It seems hard to believe that your thirteen year journey through school is soon to culminate with our commencement ceremony on June 23rd.

Living through one of the most challenging periods in American history, this class has shown a special spirit and resolve that will never leave our memory. As all classes before, the Class of 2020 looked forward to the promise and excitement of the spring of their senior year. However, circumstances changed their expectations and they had no choice but to forge a unique path that will be remembered forever. Prior to the closing of school, they had distinguished themselves in the classroom and our community through academic, artistic and athletic achievement and service to others in countless ways. They worked tirelessly to get admitted to many of the finest colleges

Dr. Brett Miller, Ed.D.
Principal, Fox Lane High School

in the United States, while serving others in our community with great awareness and empathy. Beyond the statistical “measurables” such as high SAT and AP scores, thousands of hours of community service, awards in music and drama, and athletic championships, the Class of 2020 will be remembered for something much more important, they made a difference by leading through example when it was so difficult to do so. In doing so, they will be forever remembered as a special group who did not back down from this challenge of a lifetime and have pushed themselves beyond what they thought possible.

American abolitionist and author Harriett Beecher Stowe wrote, “When you get into a tight place and everything goes against you ... never give up then, for that is just the place and time that the tide will turn.” The Fox Lane Class of 2020 is symbolic of the spirit of perseverance

Stowe so eloquently wrote about. Despite being in a “tight place,” they will never give up and are ready to “turn the tide” in the exciting next chapter of their lives. Our community is proud to present such an extraordinary class to the world.

We are confident that each graduate will be incredible in whatever endeavor they choose and will do so with the kindness, dignity, humility, and grace that we have been so fortunate to witness first hand at Fox Lane all these years. Class of 2020, on behalf of the entire faculty and staff of Fox Lane High School, thank you and congratulations!

Brett Miller, Ed.D.

A Message from the FLHS Valedictorian

It's okay to be bored.

This isn't the summer we thought it would be. We imagined meeting up with friends at Ben and Jerry's, having graduation parties, hanging out at the pool, and going to the movie theater to watch the newest premiere. Instead the pools are closed, the lines are six feet apart, and the few folks on the sidewalks are wearing masks.

At first, we hoped the quarantine would be temporary. It was almost relaxing to get a break from the chaos of daily life. But slowly, as the closure was extended and extended, the realization hit, and for many of us boredom started to set in. Quarantine seemed like something that could only happen to Charlie Brown, yet here we are!

What is there to do trapped in all day? Yes, there are still chores to be done, meals to cook and eat. But now, we have a big chunk of time we never experienced before, and many of our favorite pastimes are suddenly unavailable.

It seems as though there should be enough to keep us busy. The internet always has infinite new content, TV channels are still running 24/7, and there is always a steady stream of new books to

read or listen to.

However, even in our digital age, the lack of contact with other people fuels boredom. Social media and video calls don't fill the void in our hearts because humans are inherently social creatures.

Being bored is not all a bad thing. It makes us evaluate our likes and dislikes. Instead of thinking about how there is nothing to do, just blindly try and do SOMETHING.

Pick up the guitar that's been in the garage the last couple of years. Is there a book you haven't been able to finish? If you finish, you may be the only person who knows the middle 30%! You could even organize your room if need be. It's quite possible there are some Advanced Placement cram books you no longer need.

Perhaps the guitar strings hurt your fingers. Or the book really did drag. It's fine - just drop it! It's a natural part of the process of being bored. If you endlessly try stuff you aren't particularly interested in, are you truly bored?

Maybe you will finally find that one hobby that clicks or you'll remember a project you never had time for. During the

Kenny Poor, Valedictorian's Fox Lane high School

bubonic plague in 1655 Issac Newton used his time to pursue his love of math and physics through reading books and setting up experiments in isolation. Look where that got him! Into the books themselves.

It's okay to be bored. It's your chance to expand your horizons and try something new. If none of the new activities resonate

with you and you really are in agony over all the things you can't do now, write an email to yourself about what you miss most while you're in quarantine. Start to build your own "after quarantine to-do list". Schedule send it to yourself a year from now, at the beginning of next summer. Then, when you receive that email go out and do those things!

Congratulations Class of 2020! We'll go far.

*"Happiness can be found in the darkest of times.
If one only remembers to turn on the light!"*

Although we did not get to experience our senior season, the memories from the tennis team will always have a place in our hearts. We want to thank our coaches, parents, and everyone else who made these years so special.
We will always be Foxes!

The Lasts

A high school career is capped with "the lasts": The last first day of school. The last exam. The last prom. The last time names are called in front of an adoring crowd. The last game. The last yearbook. The last day of school. In 2020 our student-athletes were sadly not able to experience their lasts. But one thing never to be taken away from our Senior student-athletes are the memories.

Through this adversity- and as always – our seniors have represented Fox Lane magnificently. This group has displayed grace, poise, leadership, sportsmanship, and humility on a different level. We are in awe of how they have adapted to circumstances beyond our control and that is a true testament to their character.

We can't get back the time we have lost as a Fox Lane family on the fields, courts, and track but what we CAN do is make sure our Senior student-athletes know how much pride and joy they have brought to our community and families. We rallied behind the wins. We encouraged after the

losses. We cheered – boy did we cheer! And the cheering will never end.

Now we collectively look forward to your firsts: The first time on campus. The first job. The first time taking the field for colleges, universities, club teams or rec teams. Your future is bright and you will always remember your Fox Lane family cheering you every step of the way from the first day of your freshman year to the last day of your Fox Lane career – and beyond.

We are also welcoming the firsts for our rising Freshman and congratulate you as you are set to begin your high school careers. You have 4 years of memories to make and we can't wait to be a part of it.

Huge congratulations go out to our Senior student-athletes on reaching a very important

milestone in your lives. Hold your head up and know that your family, friends, and fans are beyond proud of your accomplishments.

We can't wait to watch your next chapters unfold!

The Examiner Honors our Local Graduates With This Keepsake.

We wish you **5th graders** the best of luck in middle school, as you turn to a new chapter in your lives. We wish you **8th graders** fortitude in high school, as you enter into young adulthood.

We wish you **12th graders** a special salute as you complete your education at **Fox Lane** and join the adult world to become our next leaders. Our future as a country, in ways deep and profound, rest on your strong shoulders.

The Class of 2020 is like no other class before. You've endured an incredible challenge and your adult lives will be shaped forever by this experience.

Let the lessons you've learned about mental toughness serve as a source of power today, tomorrow and for the rest of your lives. Our town, our country, our planet is counting on you.

Serve our world with mission and purpose.
